

cost trillions of dollars to taxpayers for years to come.

With over 2,000 pages of text, Speaker PELOSI is conducting closed-door negotiations, bypassing the Congressional Budget Office report and ramming through this legislation without full transparency on the true cost and economic impact this would have for the American people.

Americans are rejecting socialism at every corner. The bottom line: It is a loser.

#### BLACK DAY FOR AMERICA

(Mr. GROTHMAN asked and was given permission to address the House for 1 minute.)

Mr. GROTHMAN. Madam Speaker, this is a potentially very black day for America. I want to emphasize some things that I think are very significant that haven't received enough attention.

We are paying for the government to care for 3- and 4-year-olds. Traditionally, in America, the raising of the children is the responsibility of the parents. I know there are people—Marxists—who believe that the raising of children is the responsibility of the state, but this is a sad day for America. The Federal Government—against the Constitution, by the way—is going to weigh in and say taking care of 3-year-olds is the responsibility of government—not mom, not dad, not grandma and grandpa, the government.

The next thing is a big push toward encouraging illegal immigration. In this bill, we are paying for free college for people who are here illegally, something that the American middle class doesn't get. American middle-class kids, they are going 30 or 40 grand in debt, and we are giving free college to people who come here illegally. What a shame.

I guess it matches the free healthcare while the average American is sitting there looking at a \$10,000 deductible.

#### HONORING JAMES P. BURIK

(Mr. GRIFFITH asked and was given permission to address the House for 1 minute.)

Mr. GRIFFITH. Madam Speaker, I offer these remarks in honor of Naval Aircrewman 1st Class James "Jimmy" P. Buriak, who died on August 31, 2021, at the age of 31.

Mr. Buriak, of Salem, Virginia, was one of five sailors who died when their helicopter from the USS *Abraham Lincoln* crashed into the sea off the coast of southern California.

Mr. Buriak was born on May 9, 1990, to Jim and Carol Buriak in Salem. Jimmy graduated from Salem High School and Roanoke College. Jimmy joined the Navy in 2017.

During the last year of his life, Jimmy was honored for rescuing a man who was caught in a rip current off Guam's Gun Beach.

Mr. Buriak's thoughtful character far exceeded the parameters of his job. He always went out of his way to help those in need and to go the extra mile that others weren't willing to do. Jimmy was a great young man.

His wife, Megan, is starting the AWS1 James Buriak Foundation to continue honoring his legacy. The foundation will seek to improve financial shortcomings for Gold Star families with small children.

Mr. Buriak is survived by his wife, Megan; his very young son, Caulder; as well as his parents, Jim and Carol Buriak; his sister, Laura; and his brother-in-law, Erik Zickefoose.

Madam Speaker, I offer Jimmy's entire family my condolences on their loss. He was a great young man.

Madam Speaker, as an aside, Jimmy used to play water polo with me in the summertime.

#### TODAY IS A BRIGHT DAY

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Madam Speaker, I stand to refute with a spirit of joy this morning one of my friends on the other side who called this day a "black day."

I wonder what that interpretation means, but I see a sense of great future for America. And I wonder how many of the 3- and 4-year-olds in the future will wind up in the Office of the President of the United States because we in America and we as Democrats gave them an early head start.

If any of my colleagues have ever visited childcare and pre-K and seen the brightness of our children, they know that what Democrats are doing today creates not a blackness but a brightness.

Today is going to be a bright day in America as Democrats govern and lead and make a difference in this Nation and in this world. I am glad to stand with the American people and families as we create for them a very bright day.

#### CRISIS AT THE BORDER

(Mr. BIGGS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BIGGS. Madam Speaker, while the border is porous and 200,000 people are being apprehended every month, another 100,000 are illegally entering who we don't know where they are coming from. They are not caught; they are gotaways this administration is going to offer \$450,000.

What is interesting about that is the President himself said he didn't know about it. He has had to walk that back, hasn't he?

So there will be \$450,000 offered to a certain segment of illegal migrants. Not only that, we will continue to see opioids, fentanyl. We will see addi-

tional drugs and human trafficking continue across our border until we secure our border. I am hoping this administration will make that a priority rather than ignoring it and encouraging people to come across our border.

#### MOTION TO ADJOURN

Mr. BIGGS. Madam Speaker, I move that the House do now adjourn.

The SPEAKER pro tempore. The question is on the motion to adjourn offered by the gentleman from Arizona (Mr. BIGGS).

The question was taken; and the Speaker pro tempore announced that the yeas appeared to have it.

Mr. BIGGS. Madam Speaker, on that I demand the yeas and nays.

The SPEAKER pro tempore. Pursuant to section 3(s) of House Resolution 8, the yeas and nays are ordered.

The vote was taken by electronic device, and there were—yeas 207, nays 219, not voting 7, as follows:
